## TRAINING COURSES

Jane Gear has looked into training courses for the club which will lead to R.Y.A. qualifications. If you are interested in subjects like; Diesel engines, VHF DSC radio, First Aid, Day Skipper, Navigation, and Sea Survival, see the notice on the board at the club.

## LIFE RAFTS

Tony & Mark are raising money for the club by holding a raffle for the members. Just £1 will put your name into a hat to be selected to "Pull the Cord" on a real life raft....! How many members have had this chance or even seen what's inside one. Date will be announced when they have enough sponsorship to make it worthwhile.

## ICE CAMPAIGN

ICE stands for "In Case of Emergency" and is a campaign to get mobile phone users to programme a home contact / emergency number under 'ICE' on their mobile phones. In this day and age the emergency authorities report that the one common thing with casualties is that they are carrying a mobile phone even when they carry no other identification. This simple addition to your contact page will enable time saving contact to be made when all else fails...
